

CONVICTS IN RIOT FOLLOWING EXPLOSION

THOUSAND TROOPS JOIN SOLDIERS ON GUARD AT HERRIN

Ex-Mayor, Sworn As Foreman Of Jury, Held For Part In The Murder.

MINE CHIEF ALSO HELD FOR SLAYING

Miners Threaten To Strike Unless All Klansmen Are Ejected.

BULLETIN

Herrin, Feb. 11.—Major General Foreman and 1,000 guardsmen from Chicago detained here at 10 a. m. to join the 700 troops of the 130th Illinois Infantry already on duty in the turbulent mining country. The fresh troops composed the 132nd Infantry.

Herrin, Feb. 11.—A. T. Pace, ex-mayor of Herrin, was sworn in today as foreman of the coroner's jury investigating the death of Constable Cagle and several minutes later was arrested on a state warrant charging complicity in the murder.

Superintendent Russ of Mine A. Chicago, Wilmington and Franklin Mine Co. has also been arrested on the same charge.

Martial law with an increased array of bayonet-tipped rifles to enforce it, today was anticipated as the governing force in bloody Williamson county where forces of the Ku Klux Klan, anti-Klan, wet miners and civil officers are at war.

It was to succeed "military rule" in which Illinois guardsmen had taken over all the functions of the civil authorities except administration of the courts.

Day's Developments

The quiet of a dangerous prisoner under heavy guard ruled over Williamson county, which today expected.

Arrival of a thousand additional guardsmen from Chicago with Major General Milton J. Foreman to take charge of the state forces.

Action by the miners on their threat to go out on strike unless all Klansmen were ejected from the ranks of the miners' local unions.

Charges of first degree murder at the coroner's inquest against those held in connection with the shooting to death of Constable Cagle.

Between four and six thousand miners were scheduled to go on strike according to information given out by Hugh Willis, district organizer for the United Mine Workers of America and member of the state mine board, who is in jail charged with complicity in the killing of Constable Cagle.

The premise for the threatened miners' strike was found in article 11 of the United Mine Workers' constitution reaffirmed in the recent Indianapolis convention, which states that no member of the union shall be a member of the Klan.

SCOUTS ATTEND CHURCH SERVICE

Boys And Girls Hear Talk By Rev. Eastman Of The Episcopal Church.

A large number of Salem's Boy and Girl Scouts with Scout Executive L. B. Chamberlain and other Scout officers attended the Sunday evening service at the Church of Our Saviour at which time the rector, Rev. F. S. Eastman, gave a talk on "The Great Club of Great Ideals for Great Americans."

Rev. Mr. Eastman is secretary of this club and was its originator. Some of its principles are:

"I am too great to abuse my body for it is God's temple; I am a great American for I uphold the laws; I am a great American for I will be pure and noble; I am a great American for I serve my fellows."

A card with all the principles on a prayer card, a picture of Jesus Christ and cards to be hung in their bedrooms were given each child at the service by Rev. Mr. Eastman. Usually these are only given when registered in the club. The club is said to have a membership of over 5,000 in Ohio.

Rev. Eastman has resigned his rectory here, and will leave in the near future for Akron. During his stay in Salem he has been interested in the Scout movement and this was a farewell service for him.

Adventist Conducts Business On Sunday, Police Arrest Her

Youngstown, Feb. 11.—One person—a woman—was arrested on violation of the Sunday closing statute by police here.

Mrs. C. F. Brunswick, operating a grocery store in W. Federal st. was charged with selling goods. She furnished bond for an appearance in municipal court. Mrs. Brunswick told police she is a Seventh Day Adventist and closed her store Saturday because of her religious belief.

THREE KILLED, ONE DROWNED IN OHIO CITY

Two Sisters And Man Die As Train Hits Their Auto.

Cuyahoga Falls, Feb. 11.—Helen Derks, 18, Eva Derks, 24, sisters, of this city and Vernon Breakfield, 24, of Akron, were instantly killed at the Broad st. crossing here at 11:37 o'clock last night when their Ford coupe was struck by a fast B. & O. New York-Chicago passenger train.

The train traveled 1500 feet before it could be stopped. When the crew climbed down to investigate, they found the bodies of Breakfield and Miss Eva Derks on the pilot of the engine.

Helen Derks' corpse was lying at the side of the track about 100 feet from the crossing. Her right leg was severed above the knee, and it was evident she had fallen from the engine under the wheels and was then thrown to one side of the right-of-way.

The elder sister and Breakfield were engaged and it is said the man was taking the girls home when the accident occurred. The watchman left the crossing 37 minutes before the collision. It is thought a string of box cars standing near the crossing obscured the view of the auto driver. The machine was ground to pulp.

M'ADOO DENOUNCES EFFORTS TO DRAG NAME INTO PROBE

Democratic Leader Defends His Employment With Doheny Interests.

Washington, Feb. 11.—Appearing voluntarily before the senate public lands committee to explain and defend his employment by the Doheny oil interests, William Gibbs McAdoo, leading candidate for the Democratic presidential nomination, today denounced efforts to drag his name into the oil leasing scandal, asserted he had done nothing wrong and declared he was willing to let the country judge the propriety of his acts.

He declared too, in a formal statement with which he opened his testimony that he was entirely willing that the public should judge whether or not his name "had been drawn into this inquiry to serve a partisan political purpose."

McAdoo staunchly defended his taking employment with the Doheny interests in 1919.

"Mr. Doheny's companies as well as Mr. Doheny enjoyed an enviable reputation when he called on me in 1919," said Mr. McAdoo.

McAdoo has resigned from Doheny's employ since the revelations brought out in connection with the oil man's lease of Elk Hills naval reserve from ex-Secretary of the Interior Fall within a few months after he had loaned the cabinet officer \$100,000.

Hearty endorsement was given by McAdoo to the present investigation. He declared the pressing duty of the hour was to mercilessly uncover and bring to punishment everyone who "has betrayed public trust." To this end he said he was "eager to see partisanship stilled in the face of so grave a danger to our common cause."

Salem Ex-Highs Five To Play Lewis Drugs

The Salem Ex-Highs and the Lewis Drugs of Lisbon, will meet on the High school gym floor at 7:30 p. m. Tuesday in what is expected to be an exciting basketball game. The Lisbon team has been going strong this season, having defeated the Akron Goodyear Mutes 32-16 Saturday night.

AUTO CAMP OUTFITS PRODUCED IN SALEM

Auto Camping And Tourist Equipment, Patented And Made By L. F. Schilling, Sold All Over The World.

By H. P. BRAMAN
Several years ago, back in 1913 to be exact, a certain Salem man was making a western tour. He like the other transcontinental motorists, had no comfortable bed to sleep in at night except at a hotel, and hotels in the west in that year were few and far between. This Salem man and his wife had to stop at the hotels. Said this Salem man to his wife: "Why not devise some way so travelers like ourselves could sleep out in the open, sort of a camp."

He thought, and then he came back to Salem and worked on the idea. Finally in 1916 there appeared on the market a brand new idea in the form of an Auto-Camp, made by Louis F.

Girl Drowns In Auto Plunge, 5 Others Are Saved.

Cuyahoga Falls, O., Feb. 11.—Miss Irene Buckner, 18, of this city was drowned at 3 o'clock this morning in the icy waters of East reservoir when a Ford sedan in which she and five other men and women were, riding broke through a fence barricade at Hohman's Landing and caught between two trees overhanging the water.

Deputy Sheriffs Harry Krawlings and Henry J. Hohman dragged out the body of Miss Buckner about an hour later. It was frozen stiff and the left arm was broken.

The other passengers in the car were able to save themselves by crawling through a hole in the ice. They gave their names as Evelyn Howsen, Helen Kiplinger, Homer Roth, Earl Vaught and W. J. Kitts, all of Akron.

Rescuers said Miss Buckner would not have drowned, had not someone opened the car door permitting all the passengers to slide through the ice into the reservoir. She evidently was unable to locate the hole through which her companions crawled to safety.

PADLOCK BROKEN, STORE ENTERED, NOTHING MISSING

A broken padlock found in front of the door is the only evidence that police have that leads to the belief that thieves attempted to rob the warehouse of the F. W. Woolworth store late Saturday night.

The lock was found broken off, and footprints in the ground show that someone entered the building, but nothing of value was taken, police say, and there were no clues that could lead to the arrest of anyone suspected of the attempted job.

GIRL FALLS DOWN ELEVATOR SHAFT

Gladys Fults Is Bruised, Elbow Bone Broken In Mishap At Store.

Gladys Fults, aged about 13, daughter of Mr. and Mrs. A. H. Fults, Roosevelt ave., had a narrow escape from death about 10 a. m. Sunday at the Oriental store when she fell about 12 feet down an elevator shaft into a pit in the cellar.

She was badly shaken up and bruised and a bone in her elbow joint was cracked.

Gladys and her brother Kenneth, were on their way to Sunday school and stopped into the store to turn out the gas under a hot water tank on the second floor in the bake shop.

When the store was closed Saturday night, the elevator was left on the second floor and Kenneth went to the back of the store on the first floor and lifted the gate to pull the elevator down. Gladys, it is said, thought he was lifting the gate for her to get on the elevator, which was not there, and fell into the shaft. Her brother hurried to her rescue. When he got to the street he met his father, who was not far back of the children.

A physician was called and the girl was removed to the Central Clinic hospital. Monday afternoon she was reported to be getting along well.

Service For Wilson

Columbus, Feb. 11.—Final tribute to Woodrow Wilson under the auspices of the Ohio Council of Churches, was paid yesterday in a theater attended by 2,000 persons. Speakers praised Wilson.

GRIFFIS GIVEN GREAT WELCOME AS HE ARRIVES

New York, Feb. 11.—Lieut. Corliss Griffis, former officer in the U. S. army intelligence service, who was released from a German prison after he had begun serving his sentence for the alleged kidnapping of Grover Cleveland Bergdoll, millionaire draft dodger, arrived home today and was given an official welcome by the city.

A representative delegation of officials, members of patriotic societies, and Lieut. Griffis' father, mother and sister, went down the bay on a cutter used by the mayor's committee of welcome.

Faculty To Repeat Three-Act Comedy

"What Happened To Jones," a three-act farce comedy, given last Tuesday, will be repeated Monday night in the Columbiana High school auditorium by the faculty of Columbiana High.

The large crowd that attended from Salem and other towns last week is the reason for another performance.

London, Feb. 11.—Former Premier Stanley Baldwin was unanimously re-elected leader of the Tory party at a meeting of the conservative chiefs here this afternoon. Steps were taken to reunite the parties.

2000 ARE JAILED FOR FLAREUP OF GERMAN HATRED

Berlin, Feb. 11.—Nearly 2,000 arrests have been made by French and Belgian troops following a new flare-up of German hatred against the occupational forces, said advances from that district today.

French and Belgian military authorities are tightening the restrictive measures throughout the Ruhr.

A Belgian army official was attacked at Steyde near Düsseldorf and stabbed a score of times. In reprisal the Belgian commander closed all restaurants and cafes.

A curfew has been imposed prohibiting Germans from appearing upon the streets between 9 p. m. and 5 a. m.

About 1,850 Germans have been arrested in connection with this and other disorders.

At Geisenkirchen on the northern edge of the Ruhr, the French have established a new prison to hold the increasing number of prisoners.

Successful assassination of separatist leaders in the Rhineland has encouraged the creation of secret "murder organizations" in the Ruhr. Increased killings are feared.

EDISON, 77 TODAY, BOOSTS COOLIDGE

West Orange, N. J., Feb. 11.—The 1924 presidential campaign situation has not fully developed but of all the candidates so far named I think the best man is Calvin Coolidge.

Thomas A. Edison, the electrical wizard celebrating his 77th birthday anniversary today, made this statement in an interview in his laboratories here this morning.

Bill Would Change Congress Sessions

Washington, Feb. 11.—A bill changing the meeting dates of congress was proposed in the senate this afternoon by Senator King, Utah, Democrat.

The bill would make congress convene for its first session on the first day of April following election, with its second session to start on Jan. 2 of the following year.

The change would bring congressmen into session a month after they came into office, instead of 13 months.

Political Tension In Spain Growing

Purpignat, France, Feb. 11.—Travelers from Spain reported today that political tension is growing. The civil guards are being reinforced in frontier towns.

GEORGE E. LIBER DIES IN HOSPITAL

Death Follows Operation For Appendicitis; Funeral Wednesday.

George E. Liber, 53, prominent Salem artisan, and former lawyer, died suddenly at the Central Clinic hospital at 6 p. m. Sunday. He had been operated on Thursday for appendicitis, and peritonitis set in Friday, causing his death.

George Emanuel Liber was born in Neward, the son of Emanuel and Mary Liber. He attended Ohio Northern university at Ada, graduating from the law school.

He practiced law in Vermillion, O., for about 12 years. In that city he married Miss Elizabeth Smith, who survives.

With Kay Liber, a son, who is a student at Mt. Union college and one daughter, Mrs. B. Y. McCready, Alliance, who survives, Mr. and Mrs. Liber moved to Salem from Vermillion and lived at 207 East Fifth st.

Mr. Liber did not practice law after coming to Salem, but became a trimmer and about seven years ago he opened the Liber Auto Top shop at 32 Penn st.

He is also survived by one sister, Mrs. Dora Carle of Neward.

He was a member of the Masonic lodge in Vermilion, and of the Modern Woodmen of the World. He attended the Christian Science society, which will have charge of the services at 10 a. m. Wednesday in Stark's undertaking parlors at 287 McKinley ave. Services will be private.

Friends wishing to view the body may call at the parlors Tuesday afternoon and evening. Burial will be in Hope cemetery.

Tense Excitement On Eve Of Opening Of King Tut Tomb

Luxor, Egypt, Feb. 11.—An air of tense excitement hung over the Valley of Kings today on the eve of the opening of the 36-century-old coffin of King Tut, who ruled in Egypt many centuries before the coming of Christ.

Two guards spent the night beside the tomb to prevent vandalism or any attempt by outsiders to creep in before the official opening Tuesday.

The explorers expect to find a series of wooden mummy cases when the lid is opened, covered with inscriptions and paintings. These will have to be lifted out with the greatest care before the mummy is revealed. It is unlikely that the mummy itself will be reached Tuesday.

Howard Carter, in charge of the exploration party, is showing signs of the severe strain under which he is laboring.

Section Of Lisbon Road To Be Widened

State Highway Director L. A. Boulay has ordered County Surveyor Lloyd C. Kirk to proceed with the survey of the Salem-Lisbon rd. for a distance of 435 miles, the program calling for the widening of this road just north of the corporate limits of the village of Lisbon—or the narrow brick section between the concrete road on Market st. Lisbon, and the macadam road north.

The survey has been completed, and will be immediately certified by the county commissioners to the state highway department. This will permit the improvement being done this spring.

GUARD IS KILLED, AS BLAST TEARS HOLE IN PRISON

Reserves In Pittsburg Are Rushed To Western Penitentiary.

ORIGIN OF BLAST NOT DETERMINED

Crowds In Street Hear The Rumbling Of Prisoners Mount To A Roar.

Pittsburg, Feb. 11.—One guard was killed, another is dying, and 1,100 prisoners were plunged into a seething riot today when an explosion of unknown origin in the Western penitentiary at Riverside, tore a great hole in the center of the prison.

With smoke from the blast still curling above the great stone building, reserves from every available point in the Pittsburg district were being mobilized to quell the riot brought on by the explosion.

The dead guard was John Knox, and Guard J. A. Piper is not expected to live.

Warden John Eagon took personal charge of the situation and shortly after 11 o'clock stated that the disturbance had been quelled.

Police Superintendent Brophy rushed a squad of men from Pittsburg armed with tear gas after he had received a report that many of the men were armed and were firing on the guards.

Numerous shots were fired inside the prison and scores of windows were shattered as the battle raged inside the prison walls.

Great crowds in the street outside the prison heard the rumbling of the prisoners mounting to a roar as the panic grew. More than 100 convicts were reported to have participated in the savage fight in the corridors of the jail.

Just before noon the six trustees of the prison arrived here to make a complete investigation of the explosion. The source of the blast was said to have been a leaking gas main but this was denied by officials.

NARROW ESCAPE AS WHEEL BREAKS

Auto Nearly Plunges Down Steep Hill; Saved By Bridge Framework.

A broken wheel nearly caused a fatal accident on the Canfield rd. late Saturday night. L. Baker, said to be a clerk in a Columbiana hotel, driving along the snow covered road by himself was saved from death when his car plunged from the road and was stopped from falling over a 35-foot chasm by an iron culvert side.

The wheel, which was loose, broke, and the car whirled around on the slippery road, and then crashed against the end of the culvert, saving the life of the driver by a few inches, the car hanging on the end of the iron framework. Below at an estimated distance of 35 feet was a creek, and stones, which would have meant probable death had the car missed the culvert.

A Salem wrecking crew found Baker in a dazed condition after a farmer had called in for the garage towing car. The car and driver were brought to Salem, Baker continuing home in another car.

A small touring car skidded on the Georgetown hills Sunday, turned around three times, and then left the road, shaking up the four occupants, but none were injured. Their names could not be learned.

Three other minor accidents occurred over the week-end, one being a crash of two cars on Garfield ave. in the blizzard Saturday night.

Wayne Township Man Is County Candidate

J. Ellsworth Rice of Wayne township and president of the Columbiana County Agricultural society, which conducts the county fair, has announced his candidacy for county commissioner on the Democratic ticket.

Mr. Rice is a member of the County Farm bureau, and with President John M. Kerr of Yellowiorn of Perry township, and S. N. Van Buren of Perry township, also a member of the farm bureau, this increases the list of candidates for commissioner from the farm bureau to three. The latter two, however, are candidates on the Republican ticket.

Stand By The Army

ONE easily may understand the hatred of women for war, and yet a casual reading of history informs us that all wars have been fought around, about, for or in defense of woman.

The standing and efficiency of the army is our best assurance of peace, and still we discover earnest, sincere though mistaken women doing all that lies in their power to weaken and destroy this standing and efficiency.

Among the agencies which are laboring in this misguided direction is the Women's Peace Union of New York. This organization would outlaw war. But they forget, these women, that modern war has changed its phases and methods, as pointed out to them by Assistant Secretary of War Davis—in this age every man, woman and child must do his or her part in warfare.

But these ladies hope to pass an amendment to the constitution which will make all war illegal. The army and the navy are to be abolished. Congress is to be denied the right to declare war. We are to close our eyes to all possible emergencies which might arise to threaten our peace and our lives!

These pacifist ladies emulate the bat which, through closed lids, denies the existence of the sun, on refuses to admit its existence. Their amendment never could be adopted until humanity has experienced a thorough regeneration, and then it would not be needed.

We hate war, but we cannot blind ourselves to the infirmities of human nature, its selfishness, its ambitions, its cruelties and its tendencies toward violence and crime. Hence we must keep our police forces, our armies and navies, to protect and defend the fruits so hardly won by slowly evolving civilization.

As the assistant secretary pertinently said: "It seems absurd that anyone can waste his or her time to go to Washington and propose an amendment to outlaw war."

"A thing of that kind would make war certain. It would be an invitation to come and take us, as we had no defense."

Yes, it is absurd; most of the current peace proposals are absurd, for they do not make America the object of first and dominant consideration, fatuously trusting to instincts and ideals as yet undeveloped in the heart and consciousness of mankind.

Ambassador's Blunder

THE action of the German ambassador in Washington in connection with the weakness displayed by his office in hesitating to place the German flag at half-mast at the same time other nations were paying this tribute to former president Woodrow Wilson was sheer stupidity. Public opinion in America made it necessary to depart from the official orders issued in Berlin associated with the affair, but it is quite apparent that there was a most short-sighted policy exercised by the German foreign office.

That this office now asserts that the ambassador in Washington misinterpreted his orders from Berlin does not satisfy the conscience of America. Mr. Wiedfeld unquestionably obeyed instructions, and the orders he received were the result of stupidity by the German foreign office. The ambassador was in a very uncomfortable position. He could observe how utterly absurd were such instructions, but not only in the capital but throughout the nation and the world the greatest possible evidence was manifested of Woodrow Wilson's claim to immortality.

The incident caused feeling in official circles in Washington and throughout this country especially in view of the fact that at this moment a national movement is under way to raise many millions of dollars in the United States with which to bring starving women and children of Germany the much needed relief from death.

A hospital supported by Americans for Americans was recently opened in London.

SCHILLING MAKES AUTO CAMP OUTFIT

Continued from First page
put an ad in a dozen different magazines. In less than a week after the first publication of the ad the auto-camp maker got wires and letters from all leading newspapers and magazines asking for cuts and photos of the camp. It was a new thing and there were great possibilities.

Today the Schilling Auto-Camp is used all over the world. A shipment went out not long ago to Asia and China. To Canada and Mexico will go other shipments soon.

Everywhere one meets a motorist with a Schilling Auto-Camp on the running board. It is an equipment that combines simplicity, strength, comfort with compactness. A tent that fits onto the auto, no guy lines or poles to bother with, a large bed that folds in conveniently onto the running board, and room to put folding chairs or other accessories beside are in the equipment.

The tent will not leak, nor can any rain get through the sides. The bed consists of patented canvas mattress of which the supporting element is a chain, many of them being woven in the canvas and being very comfortable, and non-sagging.

It is a jiffy auto-camp. It takes but

five minutes to take down or put up. The equipment will fit any car, and take up but a small amount of space on the running board when folded up. There are few Salem manufacturers who advertise Salem any more, extensively than does L. F. Schilling. Every camper who knows about it has some Schilling tenting gear.

All over the world they have heard of the Schilling Auto-Camp. In addition to the auto-camp the company makes patented coils and some tents, and sells a large amount of camping accessories. The plant is located on the Lisbon rd. just east of the Salem Golf club, but it is a 50-cent plant. Mr. Schilling states emphatically:

"We expect to surpass our previous outputs by a very large percentage," says the pioneer auto-camp manufacturer. "Last year we had an unusual year we thought, but orders are generally pouring in already. We are direct to the consumer."

Boring machines working from opposite ends, and being driven 120 feet a day, would bore a tunnel under the Kentucky channel and meet at the end of three years, it is estimated.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs. Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint cures about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out, and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. ALLIANCE KLAN HALTS MEETING OF BOLSHEVISTS

Alliance, Feb. 11.—About 50 robed members of the Ku Klux Klan broke up a meeting of persons alleged to be Bolshevists here Saturday night.

This is the second meeting of the Bolshevists here in one week, the first having been held Monday, Feb. 4. The second meeting, that held Saturday night, was in a hall in the eastern part of the city.

Scarcely had the meeting started when 50 robed klansmen, fired aerial bombs and burned a cross near the auditorium. There was no violence and 20 minutes later the hall was empty. Many people witnessed the demonstration.

CHARGES DONAHEY WASTES MONEY TO INSPECT STREAMS

State Superintendent Of Streams Says He Has Sufficient Data.

Columbus, Feb. 11.—John T. Travers, superintendent of streams in the state fish and game department for many years, today issued a statement charging that Gov. Donahey is fitting up three automobiles "for use of some man brought from Atlanta, Ga., to make at least a two year survey of Ohio streams to see if they are polluted or not, our department to pay all the expense of this so-called survey."

The expense of the "political caravan" is to be footed out of the hunters' license receipts, and is an attempt on the part of Donahey to square himself with the anglers' license fee passed at the last session of the legislature, according to Travers.

"I was very much surprised to get this information from our chief, D. O. Thompson of Coshocton, but believing that he did not know the situation because of his lack of experience in fish and game matters, I informed him that it was not necessary to make such a wasteful expenditure of the sportsmen's money to import a man from another state to tell us in two years what we already know all about," said Travers.

One of the machines is to be loaded with equipment for a scientific survey, and the other with politicians to boost Gov. Donahey for re-election as they roll over the state, Travers is informed.

The man from Georgia to whom Travers refers is C. C. Hummon, who went on the director of health's payroll last month at the rate of \$3,200 per year.

"Although I am head of the pollution department, I have been ignored in all recent conferences by state officials and for that reason doubt the sincerity of the proposed investigation," said Travers.

Travers says there are about 8,000 miles of streams in the 88 counties, about half of which is polluted and 150 miles of Lake Erie front where the commercial fishing industry is feeling the effect of pollution entering the lake, and that this situation brought about the establishing of the pollution department by A. C. Baxter, chief of the fish and game division under Governors Cox and Davis.

Travers for many years has made a study of this problem, and has a chart covering the entire state in which the various sources of pollution are marked. There are no laws with teeth in them to help him and what he has done has been through co-operation of the industries.

"From 1921 to 1923 we made 25 installations of treatment plants," said Travers. "The first six months of 1923, all under Baxter's administration, we made two installations. All these plants are working and giving satisfaction."

THEATRES

Show Klan Film

The Mafra Picture Company of Columbus, has leased the Gray theater Thursday and Friday, for the showing of "The Toll of Justice," the first two of film of scenes ever made of the Knights of the Ku Klux Klan in action.

The "Toll of Justice" has for its introductory part, a lesson in patriotism. The predominant thought of the author has been the protection of pure womanhood. The cast is well chosen.

At The State

"The Little Church Around the Corner," featuring Claire Windsor, will be shown the first three nights this week at the State theater.

This adaptation of Charles Blaney's play is packed with thrills from start to finish. There is a mob scene in a mining town in which a stormy crowd of strikers attack a mine owner, that is dramatically portrayed.

The supporting cast in this Warner Brothers' production includes Kenneth Harlan, Hobart Bosworth, Walter Long, Alec Francis, George Cooper, Margaret Seddon, Winter Hall, Cyril Chadwick and Pauline Stark. William Seiter directed.

Pioneer Trails

An Indian attack on a prairie caravan is one of the big scenes in "Pioneer Trails," a Vitaphone special production, which will be shown at the Grand theater starting Monday. David Smith, director of the picture has reproduced in this sequence one of the more famous Indian massacres, preserving carefully every historical detail.

To insure that the attack be historically correct, Mr. Smith availed himself of the services of an old Indian scout, "Pop" King, King, who is 99 years old and who was one of the group that started to California in the gold rush of 1849. All the others were killed off during an Indian attack, in which King, thought dead, was scalped. He was rescued later and brought back to health.

Four Coal Tracts Leased To Snyders

In Salem township, four tracts of coal lands have been leased by F. T. Harrington of Minneapolis, Minn., to C. A. Snyder, Sr., M. C. Snyder and C. A. Snyder, Jr.

The largest tract consists of 56.53 acres and another 23.45 acres. Two smaller tracts contain 16.29 and 10.2 acres, a total of 106.57 acres. The lease for the land has been closed.

Many Activities Of Interest To Farmers Of County

By M. K. ZIMMERMAN

Four speakers have been secured for an all-day meeting of the Unity Township Farm Bureau, that will be held in the Community hall, New Waterford, Tuesday, according to Oscar Thomas, chairman of the Unity Farm Bureau.

These will be John M. Kerr of Yellow Creek township, president of the County Farm Bureau; Phil E. Heim, county purchasing and livestock shipping agent; former president, Clark J. Halvorstad of Salem township, and County Agent Clarence E. Rowland.

Mr. Kerr will urge a greater spirit of co-operation among Farm Bureau members, while Mr. Heim will explain the detail necessary on the part of stockmen when shipping livestock and Mr. Halvorstad will tell of the recent meeting of the American Farm Bureau Federation at Chicago. Mr. Rowland will refer in his talk to the forthcoming membership campaign, and also go into detail on any query that may be suggested having to do with Farm Bureau activities.

Farmers of Columbiana county are showing interests in a tractor demonstration that will be held in Lisbon, Feb. 22.

The planting and care of orchards will be discussed at length by County Agent Rowland at a meeting of the Knox Township Farm Bureau which will be held in No. 6 school Friday evening.

This meeting will be in charge of Dallas Hahn.

R. H. Martin, a representative of the Moline Plow Co., will talk upon the co-operative plan of buying farm machinery through the Farm Bureau elevators in this county, which are located at Columbiana, Homeworth, East Rochester and Salem.

The Livestock and commercial end of the activity of the Columbiana Farm Bureau will be explained at this meeting by County Purchasing Agent Phil E. Heim.

The annual Farmers' institute of Fairfield township closed Saturday night at the Centralized school, the closing session being known as Community night.

The institute, at its opening session Friday, was featured by an address

DRY AGENTS RAID LAWYERS BANQUET

Decorum Of Mahoning Bar Rudely Shattered At Annual Banquet.

Youngstown, Feb. 11.—The decorum of the Mahoning Bar association was rudely shattered at the annual banquet of the august body held in Hotel Ohio Saturday evening, by a dry raid.

City prohibition Agent "Cal" Huffman and his deputies "raided" the "bar" and confiscated eight bottles of "alleged" moonshine.

Before the entrance of the officers Nate Kaufman, chairman of the entertainment committee, displayed the bottles and told the 150 lawyers, court house attaches, members of the bench and friends that he was going to treat them.

He ordered all doors closed when he was called out into the hall. Huffman and his aides demanded entrance. The "bonded liquor" was hidden behind a screen. The officers searched and finally succeeded in locating it.

Huffman and his aides staged the raid in the presence of William Bence, federal prohibition officer who was a special guest and Perry Robinson of the Mahoning County Dry Federation. Neither of the men interfered.

PLEA IN SLANDER CASE IS CHANGED

The case of the State of Ohio vs. Paul McShane of East Liverpool, indicted by the last grand jury for slander and which case was to be tried to a jury in common pleas court today, had a quick ending when his counsel advised the court that their client desired to change his plea of not guilty to that of guilty.

The court gave the young man a rather severe lecture before a crowded court room, sentenced him to pay a fine of \$25 and costs, committed to the county jail until fine and costs were paid, and on top of this a 15 days sentence to jail was added. The jail sentence however was suspended upon payments of costs and the fine.

COUNTY SCHOOLS ARE INSPECTED

Village high schools in Columbiana county were inspected last week by L. L. Louthian, of the State High School Inspection department of the State Department of Education of Columbus. Mr. Louthian was taken over the county by County Superintendent of Schools, H. C. Leonard of Lisbon.

The schools visited were those at Rogers, Hanover, North Georgetown, Washingtonville, Fairfield, Centerville, New Waterford, Lexington and Columbiana.

Two methods of inspection were used by Mr. Louthian in his work in this county: first by observing students reciting and also the manner in which they performed their work, and, by interrogating the teachers.

No report was made by the inspector when he finished the work in this county, but a written synopsis of his work will be presented to the State Department of Education, and a copy will then be forwarded to County Superintendent Leonard.

EUROPE FARMS LACK PHONES

Rural Wire Service in Its Infancy in the Old World, Says French Engineer.

"Rural telephone service is in its infancy in the large European countries such as England and France," writes Monsieur M. G. Valensi, noted French telegraph engineer, in a recent article in the *Annales des Postes, Telegraphes et Telephones*.

One-third of the French telephone subscribers are concentrated in Paris, the writer points out. It is the same for London, which in 1921 contained 300,000 subscribers, while Great Britain as a whole possessed only 883,964.

In contrast to this situation, M. Valensi points out that in the United States "more than 2,500,000 farms possess the telephone. In that country," he adds, "there exist almost 26,000 small rural co-operative telephone companies, made up of farmers who combine to construct a line leading to a point connecting with a telephone central."

TAX FREE

We pay the Government tax of 6c. Merely hand to your dealer the coupon below with 9c and get a package of

20 Lucky Strike Cigarettes
today and tomorrow only for **9c**

[NOTE: The United States Government, through the Internal Revenue Department, collects 6c on every package of twenty cigarettes as evidenced by the Revenue Stamp.]

Why we want
Every Man In Salem
to try Lucky Strike

*To men who have not yet tried
Lucky Strike*

This is not philanthropy, just business. You are introduced to a cigarette *today* which sooner or later you're bound to try. This merely hastens that happy time. Tear off the coupon *now*.

We have found that 88% of the men who try Lucky Strike immediately adopt them. So to introduce you to Lucky Strike we can well afford to make this special offer of paying the 6c Government tax *today ourselves*.

No words can do justice to the Toasted Process in Lucky Strike. It takes us an extra 45 minutes to toast the flavor in, but it takes you only a moment to try the flavor out—the test of the toasting is the tasting.

Smoke this package *tax free*—you'll get acquainted with a cigarette so balanced in the blend, so mild in the flavor, so smooth in the smoking and so fragrant with the sealed-in-virtues of the toasted process, that you'll change to this brand that never changes—and you'll never change again.

*To men who already smoke
Lucky Strike*

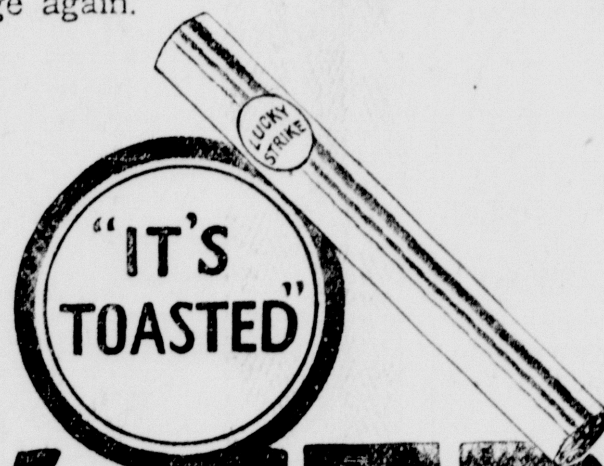

We want you, too, to get this *tax free* package, maybe to pass it on to a friend who doesn't yet know the pleasure you know.

Let him enjoy Lucky Strike as you do. Tell him to try one package and then see if he agrees with you and millions of others that there's no cigarette with such characteristic superiority.

Tell him why *you* prefer Lucky Strike. Tell him that the extra 45 minutes of toasting insures a flavor that never varies. He'll find, as you have, that this is a cigarette which can be continuously enjoyed. The flavor never varies.

Some one introduced *you* to your first Lucky Strike and you recall it as a lucky discovery. So pass the good word along. Give some friend the same opportunity. Tear out the coupon *now*.

SALEM HI. TEAMS WIN DOUBLEHEADER FROM COLUMBIANA CAGERS

Salem High's two Red and Black cage teams won both games from Columbiana High in the Salem gym Saturday night. The Salem Girls took the long end of a close 22-18 battle, while the Salem Boys had things their own way and won by a 27-17 score.

Although not as full of excitement as the past games between the two schools, nevertheless neither game could be said to be non-interesting, because some new all-around ability was discovered in the local Boys' five, and better shooting on the part of some of the Girls team was plainly noticeable.

The two contests firmly established Salem High as much superior to the visiting Class B teams, and improved the Boys' chances, especially, for the rest of the season, while the Girls are already conceded the championship of the county.

Girls Came

Something was wrong with the "Danny" Williamson, the ace of the Salem outfit. She was not herself on the evening. But what she lacked for once in basket shooting, she made up in foul throws, and made 16 of her team's points, almost her usual quota.

As for the rest of the team things seemed better than usual. Captain Tinsman and Calkins started right off with two baskets and lived things up in their corner, keeping Columbiana guessing.

It was easy to be seen that two games between the two schools previously had made the Columbiana girls a wee bit afraid of Forward Williamson and Miss Williamson was hanging onto "Denny" continually and did some nice work at guarding.

Kohsbaugh's weak spot is at center. Both his girls did for a time but then would become excited and toss away the ball. This happened right at the start of the game and gave Miss Frye, swift Columbiana jumper fine chances to score which she readily took advantage of.

As Miss Williamson was unable to shoot, so was Miss Detweiler, usually the star of the Columbiana sextette. She made but one shot, and was out of form. At that she did not have many chances at the goal due to cover work on the part of the Salem guards, who were everywhere Saturday night.

The first half ended 13-9 in favor of Columbiana. Miss Frye's work had brought the score way up. But no sooner had the first half started than Miss Tinsman threw a bucket and then Miss Calkins followed suit, and the lead was established, ending Salem's way.

Playing on the part of both teams was not so rough as it was that both seemed over anxious, resulting in a number of fouls, and sending Miss Williamson to the showers.

WILD BILL REED AND AD STONE TO MEET ON FEB. 19

Wild Bill Reed, Columbia heavyweight, will meet Ad Stone, light heavyweight of Philadelphia in a 12-round battle at 175 pounds in Ravenwood auditorium, Youngstown, the night of Feb. 19, according to the announcement today by Al Zill, promoter.

Reed has been no one for his terrific punching. The last time he was in Youngstown he slammed Soldier Mitchell of Buffalo so hard that Mitchell is still trying to get back on his feet.

But this time Reed will not have things his own way. The ad that is the star of Columbus fans will meet one of the few top notchers in the east this time. Stone, a willing mixer has a record of 10 wins and 10 losses.

As a windup preceding the feature bout, Zill has carded another good fight. He has signed Burt Schneider formerly Olympic champion in the welterweight class, and Kayo Yutzy of Meyersdale Pa., an eight-round scrap. Yutzy recently stopped Bobby Green, conqueror of Mickey Walker, the champ, in a non-title bout.

Two other curtain raisers are to be arranged.

Alliance—A Shepherd dog which was badly injured when hit by an auto committed suicide here. Witnesses say the dog dragged itself to the edge of the Mahoning river and gilled in.

COLUMBIANA GETS CAGE TOURNAMENT

District Class B Cagers In Two Counties To Meet February 22-23.

Allen Y. King, principal of Columbiana High, announced to The News Monday that the district Class B basketball tournament has been awarded to Columbiana or Feb. 22 and 23.

Eight high schools in Columbiana and Mahoning counties will participate in the tournament, and runner-up of which will go to the sectional meet at Akron on Feb. 24 and the winner of that tournament will then go to Columbus to play in the state meet.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, lean and young.

Why do we perspire?

—because nature has provided millions of sweat glands to help carry off impurities. The more the bodily waste, through exertion, the more the perspiration. A refreshing application of

Things to Know About Our Service

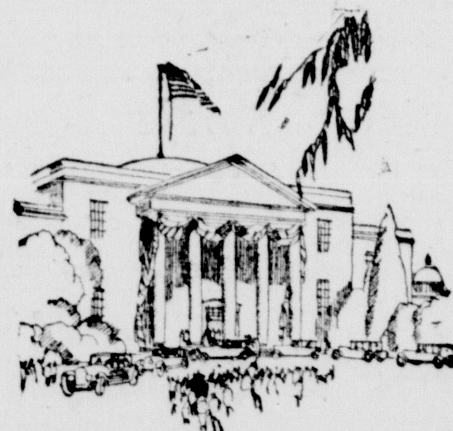

Poor Nancy Hanks!

On February 12th we pay distinguished homage to Abraham Lincoln with all too little recognition of the magnificent mother who reared him.

Poor Nancy Hanks Lincoln died in her thirties, a tired, overburdened pioneer mother. Not one labor-saving device did she own. She spun the wool for the clothes and sewed them by hand. She washed on a board, cooked over a fire that she tended herself, groped her way about the windowless cabin in the uncertain light of the fireplace. She died 43 years before her son was inaugurated.

Somewhere in America today, another young mother is rearing a future president. Her household labors are lifted by electrical appliances. Electricity washes the clothes, cooks the food, cleans the rugs, lights the home.

This mother will live to see her son inaugurated, her span of years lengthened by electrical service.

Failure to Sweat is a Fundamental Cause of Debility and Disease

There is no known method of inducing perspiration equal to the use of the Electric Light Bath. Mothers who are "all run down," children suffering from defective nutrition or poor circulation, will find the Bath a wonderful restorative of physical and mental energy. The worn-out business man will find splendid increase of mental energy—a stimulant to muscle and brain in the tonic of this penetrating, radiant energy, a help which every brain worker needs to pull him through the fag of the day. The blood is called to nourish the brain cells to the detriment of the rest of the body, but a few minutes in the Light Bath equalizes energy and does wonders to tone, rest, build and renew for the day's demands. For ten years we have made much use of the Electric Light Bath in combination with the general administration of the Sinusoidal Electric Bath. The results have been excellent.

For those wishing an Electric Bath, Salt Glow, Massage and Alcohol Rub it will be necessary to make an appointment. Office hours for Bath Department daily from 8 a. m. to 10 p. m. Chiropractic Adjustments 9 a. m. to 8 p. m. daily except Sundays and Wednesdays. Phone 558.
